CSCI4448 Project Writeup

Name: Kyle Helmick

GitHub Link: github.com/Kyle-Helmick/csci4448-loop

Title: Loop

Description

Loop is a fake social media application that keeps friends "in the loop" for those people that have extreme
FOMO. It lets users sign up, make their profiles, add friends, make groups and self moderate those groups. It's
any social media really.

Actors

User, Moderator

Functionality

User

- Account Creation
- Initialize profile (give name etc)
- Login
- Edit profile (change name etc)
- Post to profile
